Excellent for initiation to target shooting and for recreational shooting! Manufactured by Beeman for BO Manufacture

One-shot compressed air pellet gun operating by piston housed in the cylinder head, pre-compressed system. Fiber optic adjustable trigger and sights. Reinforced cylinder head gaskets to eliminate leaks!

The Beeman P17 Deluxe air pistol shoots diabolos and delivers exceptional precision and power. The PT17 operates using a single cylinder arming itself by opening and closing the articulated bolt. Designed in Germany, this single-shot compressed air model achieves a maximum speed of 410 fps or 125 m / s, without any recoil and without CO2 cartridges.

The trigger designed for target shooting provides a clean and precise start. In addition, it is adjustable by a screw located on the front face of the trigger. The ergonomic grip improves shooting comfort and contributes to accuracy. The polymer structure is durable and lightweight, the cast aluminum slide and steel rifled barrel provide long life and consistent accuracy.

- Automatic safety to release for each shot.
- Fiber optic sights.
- Rise adjustable in windage and elevation.
